

CHEMUNG COUNTY
CHAMBER OF COMMERCE

COUNCILS, COMMITTEES
AND TASK FORCES

THE IMPORTANCE OF OUR
MEMBER'S INVOLVEMENT

Through the membership support and involvement provided by hundreds of employers in the Chemung County area, the Chamber each year pursues an ambitious program of action aimed at building a stronger economy and better quality of life for our community. Our program is developed and its implementation is made possible only through active participation of literally hundreds of member volunteers who serve each year on our various Councils, Committees and Task Forces.

WHY YOU
SHOULD GET INVOLVED

By participating on a Council, Committee or Task Force, our volunteers have an opportunity to work with top business, professional and community leaders, gain sales and public relations exposure, receive valuable leadership and management experience while meeting in groups and determining issues and actions of common interest.

We encourage you and/or members of your staff to become involved in the Chamber's efforts on behalf of our area's businesses and general community by joining a Council, Committee or Task Force!
